Binoculars Delta Optical Titanium 8x56 - classic for hunters Highly valued hunting binoculars with reinforced construction. The large 56mm brightness combined with an 8x magnification gives a 7mm exit pupil - optimal for young hunters and those who value high surface brightness of the image. Good visibility of details and high-quality anti-reflective layers guarantee full satisfaction from the purchase. Also works well as general-purpose binoculars (yachting, birds etc.) Includes a neck strap, lenses covers and glasses, and a carrying case with a belt Technical parameters
