

teleskopy.pl

High quality Bresser binoculars from the Special Jagd series for astronomical, natural and tourist applications. Good quality optics guarantees high brightness and clarity of the image. 11x magnification makes it an irreplaceable daytime binoculars, as well as very good astronomical binoculars dedicated to observation under urban and suburban sky. For observations under dark, rural skies, binoculars with smaller magnification (like 8x56 or 7x50) will work better. Includes a neck strap, lenses covers and glasses, and a carrying case with a belt

Technical parameters
