

FRAME MOUNT frame for GoPro HERO4, 3+ and 3 (replacement) enables attaching the GoPro HERO camera to the GoPro system fasteners, omitting the waterproof case. Thanks to the frame, we get better quality audio and video in the recorded films, at the cost of water resistance and impact resistance. The frame is made of high-quality material, has openings to support all camera functions. The set includes a quick connector and a screw. The accessory is dedicated to GoPro HERO4 3+ and 3 cameras in all versions (Black, Silver, White). Replacement. (below: manufacturer's materials)
