

teleskopy.pl

1.25" / M12x0.5 mm reduction for WEB cameras, allowing connection of popular webcams with M12x0.5 thread to a 1.25" telescope or telescope. Works, among others with such webcams as: Logitech QuickCam B / W, QuickCam Express, QuickCam VC, QuickCamPro, QuickCam Pro 3000 and others. Design with a notched / baffled interior, eliminating glare inside the sleeve. The adapter has a 1.25" filter thread.
