

teleskopy.pl

Acuter NatureClose 16-48x65 A is an observation telescope with a lens diameter of 65 mm and an eyepiece at 45 degrees from the optical axis of the lens. Provides good resolution and brightness at very compact dimensions. An excellent refractor to observe nature, birds, digiscoping. Water-resistant makes it easy to use even in extreme weather conditions. The set includes a case and a zoom eyepiece that allows you to obtain magnifications from 16 to 48x. KTCJA VERSION with the Amici prism system - good for observing aircraft, astronomical objects and when observing from lower racks. Connecting the mirror to the telescope is not the slightest problem - under the eyepiece of the eyepiece there is a T2 thread, to which we screw the adapter for the specific reflex camera bayonet. Technical parameters

- â€¢ Zoom: smoothly variable, 16-48 times
- â€¢ Lens diameter: 65 mm
- â€¢ Optical system: achromat refractor, doublet
- â€¢ Prism: 45 ° (angular), Amici, Bak4
- â€¢ Focal length of the lens: 386 mm
- â€¢ Focal length of the zoom type eyepiece: 8 - 24 mm
- â€¢ Apparent field of view of the eyepiece: 40 ° - 60 °
- â€¢ Field of view: 2.5 ° - 1.26 °
- â€¢ Linear field of view: 43 - 22 mm
- â€¢ Output: 4.1 - 1.4 mm
- â€¢ Retracting the output pupil: 18 mm @ 20x, 15 mm @ 60x
- â€¢ Anti-reflective layers: MC
- â€¢ Retractable diffuser / cover: YES
- â€¢ Minimum distance of observation: 10 m
- â€¢ Total length of the spotting scope: 37 cm
- â€¢ Eyepiece weight: 200 g
- â€¢ Weight: 1100 g / 1375 g with covers

Usage scenery birds planes digiscoping astronomy Additional information: The set includes: â€¢ telescope with eyepiece at 45° â€¢ eyepiece:

8-24 mm zoom (16-48x magnification) â€¢ a soft case that allows you to carry out observations and attach the telescope to the tripod without removing it (stay-on) â€¢ integrated 1/4 "thread socket for connecting the spotting scope to a photo tripod â€¢ built-in T-2 thread on the eyepiece allowing connection of a DSLR - only the T2 ring required (eg for Nikon, Canon, Pentax K, Sony Alpha / A, Sony NEX / E, or Olympus E, Nikon 1 , etc.) Warranty 2 years
