Feel Soft training towels - antibacterial, compact and quick-drying. They are made of an ultra-thin microfiber blend with wedge structure. The microfibers shrink and expand, sucking moisture and water. Towels are friendly to the touch, they perfectly dry the body after training or bathing. Perfect for gyms, fitness and sports as well as a towel at home or at work. Towels made and dyed on components certified by Oeko-Tex Standard 100 and Eco Passport - safe for the environment and humans (including babies). zrobione w Polsce - Delicate and pleasant to the touch - Rapidly dry the body - Quick drying - Light - Compact Feel the decisive difference between an ordinary cotton towel and a towel made from the original ultra microfiber - microfibers are so closely connected that they do not penetrate sand grains and even microbes - they are quick-drying and therefore do not allow their development. - dimensions: 80 x 38 cm - printing: double-sided, northern and southern hemispheres
